## The Day We Celebrate.

How the Fourth of July Was Observed.

WASHINGTON AND ELSEWHERE.

A Profusion of Flags and Bunting, Reading of the Declaration of Independence, and the Usual Noise of the Exploding Firecracker—Accidents of the Day.

WASHINGTON, July 5.—The Fourth of July was celebrated here yesterday in the usual old-fashioned way. The department buildings and public offices were all closed, and business in the city was quite generally suspended. Flags and bunting floated in profusion about town, and the small boy and firecracker kept things lively and noisy from daylight till long after dark. The Potowmack river steamers and outgoing trains took thousands of people out of town for a day's recreation.

There was no public celebration. The Oldest Inhabitants' association observed its time-honored custom of a assembling and listening to the reading of the Declaration of Independence and a patriotic oration. The capitol was deserted, many congressmen having gone out of town, and there was probably not half a dozen in the building at any time engaged in committee work.

Yesterday, for the first time, the National colors floated in honor of Independence Day over the dome of the capitol. Flags are hoisted over the Senate and House wings of the capitol only when Congress is in actual session, and as Congress is rarely in session on the Fourth, the colors have seldom been seen floating on this day, and then only as an indication that either house was in session. As a result, however, of preparations by Architect Clark, four immense flags floated gracefully yesterday—north, south, east and west of the Goddess of Liberty on the top of the dome of the great building.

BOSTON'S OBSERVANCE OF THE DAY.

BOSTON, Mass., July 5.—There were elaborate celebrations of the National holiday here in the shape of countless picnics, games, entertainments, etc. Band concerts and fireworks were furnished by the city. Mayor Hunt presided at the public meeting in Boston theatre, where an oration was delivered by Hon. Albert D. Pillsbury; Rev. M. J. Savage offered prayer, and Master L. T. Damon read the Declaration of Independence. There was a large audience.

John H. Leavitt, of Newton, won the mile and a quarter swimming race on the Charles river. Time, 13:20. Mr. McClusky, of Lowell, was second.

In the professional semi race of three miles, Teemer won in 21:15, Ten Eyck second, John Joyce third, John T. McKinley fourth.

The four-oared working boat race, professional, three miles, was won by Teemer's crew, comprising Teemer, McKinley, D. F. and John Breen, in 19:07. Ten Eyck's crew (Ten Eyck, Joyce, W. F. Cooley and John Casey) second in 20:04.

THE ARMY OF THE POTOMAC.

PORLAND, Me., July 5.—The city of Portland gave a celebration yesterday in honor of the Army of the Potomac. There was a grand military and civic parade, fire works, salutes from the naval vessels in the harbor, and a firemen's parade, to which various other cities contributed. Fully 10,000 strangers were in town, and the streets were crowded. The parade was reviewed at Lincoln park by Gen. Sherman, Hon. Hamlin, Gen. Devens, Gen. Porter, Gen. Collis, Admiral Gherardi, Gen. Butler and others. After the parade Gen. Butler and party were driven to the residence of George A. Thomas, where they were entertained.

After the parade there was a clam-bake at Little Chebeague, about 800 people, including the leading members of the Army of the Potomac society and many prominent citizens of Portland, Congressman Bontell, Gen. King and others spoke. The party returned to the city in time to witness the fireworks display in the evening.

POULTRY & EGG COMPANY.

BEARDSTOWN, Ill., July 5.—At the Fourth celebration here yesterday, S. H. Black, a young man, residing at Quincy, Ill., attempted to make a balloon ascent and parachute leap. When the balloon was at a great height the canvas of the parachute was seen to be in flames, and soon after the man was dashed to the ground. He was terribly bruised.

CELEBRATED TWO EVENTS.

MONTGOMERY, Vt., July 5.—The one-hundredth anniversary of the settlement of this town was celebrated yesterday, many visitors from other places participating. There was a procession, followed by literary exercises. Governor Dillingham, Lieutenant Governor Woodbury and others addressed the people.

A WOMAN FATALLY SHOT.

PITTSBURGH, July 5.—Mrs. Catherine McMahon was shot in the head last night while sitting on the doorstep of her residence, 2929 Diamond street, and will probably die. It is supposed that the shot was fired by some Fourth of July celebrator, and that the wounding of Mrs. McMahon was accidental.

FIREFIGHTERS KEPT BUSY.

CINCINNATI, July 5.—Fourth of July was not publicly observed here yesterday, but nearly all business was suspended. There was an unusual number of small fires caused by firecrackers, and the fire department had a very busy day. A few accidents occurred, though nothing of a serious nature.

Both Hands Blown Off.

AUBURN, N. Y., July 5.—Thomas Dutton, a harness maker, had both hands blown off and was otherwise injured yesterday evening, by a premature discharge of a cannon. It is believed that the man will die. He and three comrades were firing a salute in honor of Corporal Turner.

PIKE'S PEAK ILLUMINATED.

DENVER, Colo., July 5.—Pike's Peak was illuminated last night by red fire and burning kerosene, and fireworks were set off from the summit. The effect was very fine and the display was visible for one hundred miles around.

PIKE'S PEAK ILLUMINATED.

LONDON, July 5.—The anniversary of American independence was celebrated by Americans in London with the usual enthusiasm. Mr. W. H. White, first secretary of the United States legation, entertained a number of American guests at dinner, where the customary patriotic toasts and speeches were indulged in, and in many other ways the prominent Americans residing or sojourning here especially observed the day.

COL. GOURAUD'S "EDISON HOUSE," in the West End, was literally covered with American and English flags, and the stars and stripes flew from many other houses in various parts of the city from sunrise until sunset. The feature of Col. Gouraud's celebration of the day was a phonographic reception, at which there were a large number of guests, mostly Americans. The program consisted of phonographic recitations, including the Declaration of Independence, messages from President Harrison, Gen. Sherman, Postmaster General Wanamaker, Senator Evans and others, and musical selections comprising the National airs of America.

DISPATCHES FROM PARIS, BERLIN AND VIENNA state that the day was observed at the respective American legations in the usual manner.

BANQUET IN BERLIN.

BERLIN, July 5.—The American riflemen visiting here gave a banquet at the Kaiserhof hotel yesterday evening in honor of the anniversary of American independence. President Weber occupied the chair. Among the guests were Minister Phelps and his wife, Walter Danvers and his wife, John Jay Knox and several other prominent Americans and many German riflemen. Minister Phelps delivered a speech in which he glorified America and honored President Harrison, who, he said, saw the full sweep of his country's prosperity and was neither dazzled nor shaken up but kept his poise as rugged and firm as Washington.

FOURTH OF JULY ACCIDENT.

CANTON, O., July 5.—By the explosion of a small cannon, with which a party were celebrating yesterday, Daisy Briscoe, an 8-year-old girl, was struck on the head with a heavy piece of iron, crushing her skull and scattering her brains over the pavement. Charles Elkins had a hand torn off. At another time August Metzger had his left eye blown out and was frightfully burned by a bursting toy cannon.

FATALLY SHOT.

CAREY, O., July 5.—The Democratic congressional committee of the Eighth district has chosen Carey and Sept. 10 as the place and time for holding the convention.

STABBED IN A SALOON.

## Burning of a Steamer.

THREE FIREMEN MEET INSTANT DEATH.

FOUR OTHERS BADLY INJURED.

THE TWO THOUSAND-TON STEAMER IRON KING and Part of the Columbus and Hocking Coal Company's Docks at Minneapolis Destroyed—Scores of Killed and Injured Firemen.

MINNEAPOLIS, Minn., July 5.—A special from Ashland, Wis., to The Tribune says: Three firemen met death yesterday in the burning of the 2,000-ton steamer Iron King and a portion of the Columbus and Hocking Coal company's dock. Four others were injured, one probably fatally.

THE DEAD ARE:

George Fanton, a merchant tailor and secretary of the city fire department, who leaves a young wife and two pretty babies.

Elias Boncheltz leaves a widow and five young children.

Jack Prothero cannot live but a few hours. He, too, is married.

AN UNKNOWN MAN JUMPED THIRTY-FIVE FEET DOWN INTO A SEA OF FLAME AND WAS CREMATED IN SIGHT OF 500 PEOPLE, WHO WERE POWERLESS TO HELP HIM.

J. J. MOORE MAY DIE.

THE FIRE STARTED ON THE IRON KING WHILE DISCHARGING COAL. ALL THAT BOAT'S UPPER WORKS AND MACHINERY WERE DESTROYED. HALF A DOZEN FIREMEN WERE HOLDING A STREAM ON THE BURNING BOAT FROM A PLACE ON TOP OF THE COAL DOCK.

THE FLAMES LEAPED FROM THE BOAT TO AN IMMENSE MESS OF BLACKSMITH'S COAL DIRECTLY UNDER THE FIREMEN, AND A TERRIFIC EXPLOSION OF COAL GAS FOLLOWED. THE MEN BLINDED BY FLAMES RAN THROUGH IT LIKE SHEEP AND JUMPED ALL IN A HEAP TO THE DOCK FORTY FEET BELOW. THE MONEY LOSS IS ABOUT \$150,000 AND THE COAL DOCK IS STILL BURNING.

QUADRUPLE DROWNING.

FOUR LIVES LOST BY THE UPSETTING OF A FLAT BOAT.

PITTSBURGH, July 5.—Mr. and Mrs. John Thompson, Eliza Thompson, 2 years old, and Baby Thompson, an infant; Mr. and Mrs. Richard Smith, their infant daughter Priscilla and Robert Smith, 15 years of age, were all out rowing in a small flat boat on the Youghiogheny river, near McKeesport, yesterday afternoon. The boat upset from their weight, throwing all the occupants in the river.

THOMPSON SWAM TO SHORE WITH HIS WIFE AND BABY. HE THEN RETURNED TO SAVE HIS 2-YEAR-OLD DAUGHTER, ELIZA, BUT IN THIS LAST ATTEMPT BOTH WERE DROWNED.

RICHARD SMITH SAVED HIS WIFE, BUT DROWNED WITH HIS DAUGHTER PRISCILLA, WHILE TRYING TO REACH SHORE.

ROBERT SMITH, THE 15-YEAR-OLD BOY, SWAM TO SHORE.

THE FOUR LADIES WERE RECOVERED.

LIFE PRISONER PARDONED.

JEFFERSON CITY, Mo., July 5.—Henry Butler, a negro, who was serving a life sentence in the penitentiary, was the recipient of a pardon from the governor yesterday on account of his exemplary behavior as a prisoner. He had been in the penitentiary a little over fifteen years, and upon investigation the rather startling fact in the sixty years of the prison's existence no convict ever lived out so long a sentence. It is a rare thing to find a convict who has lived even ten years in the Missouri penitentiary. Poor sanitary regulations of the institution is the cause.

NEW YORK SOCIETY OF CINCINNATI.

NEW YORK, July 5.—At the annual meeting of the New York State Society of the Cincinnati, held yesterday at Delmonico's, Hamilton Fish was re-elected president. Gen. John Cochrane was elected vice president in place of Alex. Hamilton, deceased. Gen. Cochrane moved that ex-President Hayes be made an honorary member by suspension of the rules. There was some opposition to the motion, and it was decided, inasmuch as Mr. Hayes is an honorary member of the Pennsylvania State society, to withdraw the motion. A banquet followed the meeting.

STARTED IN A BALLOON.

LOWELL, Mass., July 5.—Charles G. Stowell and Miss Lottie E. Anderson were married yesterday up in a balloon, 10,000 feet at the fair grounds, witnessing the event. Rev. W. W. Downs, of Boston, performed the ceremony. The balloon, which was in charge of Professor J. K. Allen, sailed away to the north after rising, and up to a late hour its landing had not been reported.

ARRESTED ON SUSPICION.

#### Progressive Angling.

The hospitable home of Mr. and Mrs. D. C. Fraze was the scene of a joyous assemblage of young ladies and gentlemen on Thursday evening. The occasion was a "progressive angling party," given by Miss Jennie Fraze, the daughter of the house, in honor of her visiting friend, Miss Anne Milward, of Lexington. The feature of the amusement was the test as to which ones of the happy crowd were the best anglers. A number of artificial fish, each with a ring attached to its back, were placed on tables. Then each guest was provided with a pole, line and hook. Miss Milward proved to be the most expert angler in the party, and landed the little fishes in a rapid manner. She carried off the honors of the evening. Mr. C. O. McDougle was a close second. The "booby prize" fell to Miss Sallie Burgess. The contest was very exciting throughout, and was highly enjoyed by the guests.

At 11 o'clock, tempting and delightful refreshments were served, after which Miss Mayme Current and the young hostess favored the party with some choice selections on the piano. The evening was a most enjoyable one. The fair hostess by her gracious welcome to each guest, assisted by the winning manners of Miss Milward, made every one feel that it was "good to be there." Those present were: Miss Anne Milward, Lexington; Misses Mayme Current, Mayme Hocker, Mamie Perrie, Fannie Fraze, Harriet Johnson, Sallie Burgess; Messrs. S. L. Wood, Harry B. Owens, Earley Worick, Stanley Watson, C. O. McDougle, Roe Stockton.

#### THE FAST FLYER

Badly Wrecked at Russell—Luckily Only Two People Seriously Hurt.

The C. & O.'s westbound F. F. V. collided with a work train yesterday afternoon at Russell and was pretty badly wrecked.

The F. F. V. was an hour behind time. The other train had switched off on the siding at Russell, but for some reason or other several cars loaded with cinders were left on the main track.

The engineer of the westbound train discovered the danger and made every effort to prevent the collision by reversing and putting on brakes. The speed of the "Flyer" was considerably checked before it crashed into the cars.

Cinders were scattered in every direction. One side of three of the coaches was badly damaged and the coaches were overturned.

The passengers and crew were all terribly shaken up, but luckily only two people were seriously hurt. A negro from Greenup had one leg broken, and a gentleman from Huntington received injuries to his back. The engineer and fireman jumped and escaped unhurt.

Mr. John C. Everett was on the train, returning from the Ashland fair. He was standing in the vestibule between two of the rear coaches when the collision occurred. He escaped uninjured.

As soon as the Russell accommodation reached the scene last night, the passengers were transferred to it and sent through to Cincinnati. It passed here at 2 o'clock this morning.

#### The Field Day.

About fifteen hundred people attended the "field day" festivities at the fair grounds yesterday. The country folks were busy with their crops and but few of them turned out to celebrate the Fourth.

In the forenoon the Olympics, of Cincinnati, got away with the Maysville Reds in the game of ball, the score standing six to one. The visitors didn't fare so well in the afternoon, a five-inning game resulting 2 to 2. The games were pronounced two of the best ever played here.

There were three bicycle races. The first, a one-eighth mile dash, was won by Joe Evans; Will Gunn second. The second was won by Elias Pearce. It was a quarter-mile dash, and Charlie Egnew passed under the wire second. In the mile dash, Elias Pearce got there again, Charlie Vicroy coming in second. The sack race was won by Bill Hester, and the potato race by R. Haffer. The two trotting races were not finished.

#### Jailed for Attempted Rape.

Clarence Wolfe, colored, about sixteen years old, was lodged in jail yesterday on a charge of attempting to rape Anna Woolaver.

The victim of the lustful villain's brutal attack is not yet twelve years of age. She is the daughter of a German farmer, who lives on Lee's Creek, between Tuckahoe and Minerva.

The particulars of the crime will be brought out at the examining trial, which is set for next Monday. The attack was made early this week. The villain, when foiled in his attempt, escaped to the woods, and succeeded in eluding the officers until Thursday night, when he was captured by Deputy Sheriff Perrine.

#### The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

#### To the Farmers.

On and after this date, the general delivery of the postoffice will be closed during the time the mails are being distributed. Mails arriving after 6 o'clock p. m. will not be distributed until the next day. This is necessitated by the reduction of the clerical force under the recent order placing the Maysville office in the third class, and it will continue until next July, unless the office can be restored to its former standing, or the business men subscribe enough to employ an extra clerk.

The claim of Hon. W. H. Wadsworth  
and L. W. Robertson, Esq., for \$400 for  
writing the new charter was presented.

Mr. Fitzgerald moved to postpone action  
on the account until next regular meet-  
ing. Carried.

The question of securing estimates of  
cost of brick streets was continued in  
hands of committee until next meeting.

Mr. Blatterman was granted further  
time on "standard time" ordinance.

The question of straightening out the  
railroad track on Front street and the  
complaints about sewers on that street  
were continued in hands of the committee.

Mr. Wood said the proper way out  
of the trouble was to have everybody  
comply with the ordinances—let the people  
construct their sewers to low water  
mark, let the track be placed where it  
ought to be, and then let the city protect  
the property afterwards by stopping people  
from dumping filth and trash over the  
mark.

The following permits were granted:

John Moore; to erect a frame house on  
Grant street.

G. W. Crowell; to erect a two-story  
frame residence on north side of Second  
street between Poplar and Lexington.

The account of the Secretary of State  
for a copy of the city charter, &c.,  
amounting to \$45.25, was allowed and  
ordered paid.

A complaint was read from citizens re-  
siding on Third street, Fifth ward, in re-  
gard to the C. and O. Railway Company's  
sidetracking the work trains and freight  
cars on said street, thus preventing en-  
trance to their residences and exit there-  
from. The matter was referred to the  
City Marshal with authority to act.

The sum of \$188 was appropriated to  
aid in paying for the Short street sewer.

There was considerable discussion of  
the sewer question. The "Smith sewer"  
and the one near the station house  
both overflowed during the recent heavy  
rains, and had done considerable damage.

The matter was referred to the Committee  
on Internal Improvements to investi-  
gate and report the best way of remedy-  
ing the trouble.

It was ordered that another demand be  
made on the Guarantee Committee for a  
statement of what had been done with  
the subscription voted the M. and B. S.

Railroad and for stock in the road to the  
amount of said subscription expended.

A. HAYS announces in his advertise-  
ment that his clearance sale will continue  
another week. Kid gloves reduced to  
\$1.25 a pair; balbriggan socks 13 cents a  
pair; entire line of hand-sewed shoes re-  
duced to \$2.89 a pair.

THE remains of Miss Fannie Stevens  
were interred yesterday in Charleston  
Bottom. She died Thursday at the home  
of her parents on Lawrence Creek, at the  
age of forty-four years. Deceased was a  
cousin of Mrs. Wesley Vlroy, of this city.

Mayor Pearce a committee to investigate  
the "pension roll."

Marshal Hedin was granted leave of  
absence for several days.

Mr. Clerk O'Hare was authorized to  
purchase a new record book.

A complaint of Thomas Graven was re-  
ferred to Committee on Public Health.

The question of a toting or abandoning  
the new \$400 charter was discussed at  
some length. During this discussion it  
was stated that the charter had been re-  
duced practically valueless by someone's  
striking out portions of it after it had  
been sent to Frankfort. A motion was  
made to abandon it and pay the attorneys  
for writing it. On motion, it was decided  
to postpone further consideration of the  
matter until July 17.

The council then adjourned till said  
date.

THE Sharpesburg fair will be held Aug-  
ust 12th to 16th inclusive, and the "blue-  
ribbon fair" here at Maysville follows.

THE communion of the Lord's supper  
to-morrow morning at the First Presby-  
terian Church. Services conducted by  
the pastor, Rev. John S. Hays, D. D. No  
service at night.

THE Kentucky Central will sell round  
trip tickets at all stations to the Superior  
Court convention at Lexington at one  
fare. Tickets on sale July 8th and 9th,  
and good till the 12th.

COAL is selling in this city at 9 cents  
for Pomeroy and 10 cents for semi-cannel.

The report circulated in some parts  
of the county that the price had been  
advanced to 12 cents is false.

MEMBERS of the U. R. K., of P.,  
contemplating making the trip to Milwaukee  
and desiring to have their suits pressed  
would do well to call on W. A. Landgraf  
Second street, and have it done in the  
best style and at a reasonable price.

THE warehouse of Mr. E. O. Piles on  
east side of Wall street, between Front  
and Second, was sold Thursday at public  
auction, to Mr. S. N. Meyer, for \$1,625.

The warehouse on E. 8th and the  
dwelling on West Second were no sold.

SERMON at the M. E. Church Sunday at  
11 a. m. on "Christian Experience." Ep-  
worth League at 7:30 p. m. At 8 p. m. a  
sacred concert, with responsive reading,  
songs and recitations. Young Men's Bi-  
ble class taught by Rev. Tomm's Han-  
ford, A. M., pastor.

SERVICES will be held in the M. E.  
Church, South, to-morrow afternoon at 4  
o'clock, under the auspices of the Ladies'  
Missionary Society of that church in  
memory of Mrs. Dr. Moores and Mrs.  
Carrie Harrison. Preaching to be in  
at 11 a. m. and 8 p. m.

MR. GEORGE SCHWARTZ is keeping right  
along with the procession. He has fitted  
up his barber shop with fans. They are  
operated by a water motor, and are no  
improvement that will be appreciated by  
his many patrons these days when the  
mercury often wavers about the 100° mark.

MR. BLATTERMAN was granted further  
time on "standard time" ordinance.

The question of straightening out the  
railroad track on Front street and the  
complaints about sewers on that street  
were continued in hands of the committee.

MR. WOOD said the proper way out  
of the trouble was to have everybody  
comply with the ordinances—let the people  
construct their sewers to low water  
mark, let the track be placed where it  
ought to be, and then let the city protect  
the property afterwards by stopping people  
from dumping filth and trash over the  
mark.

THE three virtues of the shoe business  
Are price, style and quality,  
And the greatest of these is quality.

THE reason is palpable, for  
QUALITY is the thing which  
gives price its attractiveness and  
style its endurance. QUALITY  
is the vertebra which runs  
all through the shoe, without  
which it becomes a shapeless  
and worthless thing at the first  
strain of wear. QUALITY is  
the blood that permeates the  
entire shoe system—invisible,  
yet giving strength to every  
part. QUALITY is

## Through the Rapids.

Soules, the Swimmer, Makes the Attempt,

### BUT STOP'S BEFORE THE FALLS.

He Crawls on the Shore Just in Time to Save Himself From Certain Death. Soules the Second Man to Go Through the Falls.

BUFFALO, N. Y., July 5.—A special from Niagara Falls, N. Y., to The Express says: Soules, the swimmer, at 3:30 o'clock yesterday afternoon, dipped his feet and arms in the water, and waving a good-bye to the people on the bridge, slid off into the rapids. At the point where Soules reached the signal "Go" the water is very swift, but forms a series of eddies, and instead of going out toward the center, has a tendency to bring objects toward the shore. It could be seen that Soules was making strenuous efforts to get out into the middle of the river without making much headway, and was still going down.

As he passed under the railroad suspension bridge he was treading water with his body well out. Just below the bridge he struck some big breakers and was out of sight for an instant. As he came in sight he was within a foot of a large rock, against which he was dashed, badly bruising and cutting his left knee and hurting his foot, but he passed over all right and could be seen swimming a good stroke. His effort to keep away from rocks had used up a good deal of strength, and, finding that he could not get out into the river, he swam to shore, and was helped out on the rocks, having been in the water about five minutes. He expressed a willingness to start out again, but it was evident that he had had all he wanted, for one day at least, and it required but little persuasion to induce him to give it up. Although his trip was short it was a dangerous one, Soules being the second swimmer to successfully swim that part of the rapids.

Capt. Webb went through with only swimming tights, and lost his life. Kendall, the most powerful of the three, went through with a life preserver, but was taken out exhausted.

From Soules' condition when taken out, the chances are he had gone the full distance he would have been taken out at the whirlpool a corpse. Soules came here from North Muskegon, Mich., where he claims to have been employed as a stationary engineer. He claims to have been interested in several swimming matches in the Detroit river.

#### SWALLOWED HIS TEETH.

After Suffering for Eight Years Death Comes to His Relief.

WOOSTER, O., July 5.—Richard Baughman, the Dalton man, who eight years ago accidentally swallowed a plate containing four false teeth, and which have remained in his stomach ever since, died yesterday. Since the unfortunate occurrence he has only been able to take solid food with the greatest effort, and for the last four years has subsisted entirely on liquids.

From a strong and hearty man he grew to be a walking skeleton. Many eminent physicians treated him, and tried to devise some means by which the plate could be removed successfully. Others worked in vain to compound a mixture that would dissolve the substance and not destroy life. A post-mortem examination, at his own request, will be held.

COLUMBUS, O., July 5.—The Nationalist club of Ohio held their first state conference in this city to lay definite plans for concert of action for the promotion of Nationalism, "as laid down in the declarations of principles by Boston Club, No. 1." #### FIREBUG ARRESTED.

A Five-Year-Old Boy That Wanted to See the Horses Run.

INDIANAPOLIS, Ind., July 5.—For two or three weeks the police have been puzzled by incendiary fires in the southern part of the city. Wednesday Antioch church was mysteriously fired and a little girl in the vicinity said that she saw a 5-year-old boy, Johnny Hampden, running from the structure just as the blaze burst.

Investigation satisfied the police that the lad was the troublesome firebug and he was arrested and brought to the mayor's office yesterday on a warrant charging him with the crime. Just before the trial he confessed to setting the church on fire and said that he had also fired the Excelsior works and Frick's livery stable, both of which were burned a short time ago, and several stables in the neighborhood. The only reason that he gave for thus destroying the property was that he "wanted to see the fire department horses run." The mayor held him over to the criminal court.

Burnham, a liverman here, for the purpose of going into the country to purchase cattle, at the same time requesting the loan of \$50 with which to make the purchase good, telling Mr. Burnham that his partner would be here in a few days with funds to meet all bills.

Mr. Burnham, thinking him all right, gave him the money, and the man not returning when he agreed to, Mr. Burnham became suspicious and telephoned different points, finally locating his horse and buggy in Urbana, O., where the party had put up, but the individual could not be found.

#### A Big Strike Settled.

The strikers are elated over their victory.
